5 Potential Journals, IF

- Nature

- Acta Cryst. Section A
- Structural Dynamics
- Protein Science
- Biophysical Journal
- Computing in Science and Engineering
- Bioinformatics
- NAR
- Journal of Applied Crystallography
- Computers in Engineering and Science
- Structural Biology
- Structure
- Acta Cryst Section D
- Computational and Structural Biotechnology Journal, 7.3
- Data in Brief
- SoftwareX
- MethodsX
- Computational and Theoretical Chemistry, 1.9
- Computational Biology and Chemistry, 2.8
- Journal of Molecular Graphics and Modelling, 2.5
- Computers and Geosciences, 3.4
- Journal of Computational Science, 4.0
- CAD Computer Aided Design, 3.0
- Computers and Education, Open, no APC
- Graphics \ Visual Computing,
- Progress in Biophysics and Molecular Biology, 3.7
- Computational Geometry: Theory and Applications
- Computer Aided Geometric Design, 1.3
- Progress in Nuclear Magnetic Resonance Spectroscopy. 9.7
- The FEBS Journal, 5.5

- Biochemistry and Molecular Biology Education, 1.2
- Journal of Computational Chemistry, 3.4
- Biochemistry and Molecular Biology Education
- Computer Graphics Forum
- J. of Molecular Graphics and Modeling
- Crystals
- International Journal of Molecular Science, 6.3
- Structure Opinion in Structural Biology
- Structural Biology
- RNA
- Protein Science
